

# Sophie Melanie

Sophie Melanie is sweet and gentle 1-year-old Pit Bull Terrier mix. This little cutie was rescued from a very abusive situation and is now looking for a new start. Sophie Melanie has had an extremely rough start and can be a little fearful but does warm up. She will need a family that is patient and understanding and let her know that the world is not so scary. She would love an active family who will take her on walks, runs and even car rides, and she loves to play with toys! We would like to find her a home close to where she is being fostered in Ohio or Michigan, please spread the word if you have family or friends in that area. Sophie Melanie is going to make someone an amazing best friend.

# Betsy Smith

Betsy Smith is an amazingly sweet girl who is looking for a second chance in life. This 3-year-old Pit Bull Terrier mix is extremely loving and has never met a person she does not like! Betsy Smith is currently in training and is doing fabulous. She is so eager to please and is picking up on commands so quickly! She is working very hard on her leash training and has almost mastered it. Betsy Smith would prefer to be the only pet in the home. She can live with children but we suggest older children due to her size. She would love a family of her own that will be committed to her and help her with her training so she can be even more perfect than she already is!

Nikki gets along with other dogs and has three canine foster siblings that she loves to play with. She also loves people and children so she is going to make a great family dog. Nikki was surrendered to the shelter when her family moved and could not take her with them and although she was sad, Nikki adjusted well and is super excited about the next chapter in her life. Her new family should know a few things, Nikki loves the car and is an awesome co-pilot, she loves to play with her people, go for nice long walks and loves to give tons of kisses and snuggles!

# Ursula

This sweet girl is Ursula and she is an 8-year-old looking for her forever home. Ursula definitely believes that age is just a number and is in no hurry to slow down. She loves to go for walks and even enjoys hiking! She is basically the perfect dog! She is house trained, crate trained, loves going for car rides, is well behaved and walks well on a leash and most importantly is ready to give her new family unconditional love. Ursula did attend doggie day care, but ignored the other dogs so we hope that she can find a home as the only pet and get all the love and attention!
