## Cinder

Cinder is a beautiful 2 year old Pitbull/Lab mix who is looking for her forever home! She is a very sweet, loving girl who has an amazing personality. Cinder was abandoned along with her puppies and she was an excellent mother. She had an old injury and had to have her leg amputated, but that does not stop her! Cinder also does great with children and calmer medium to smaller dogs. She also is a little bit of a couch potato and loves to snuggle with her foster family. If you have an open spot on your couch and are looking for the perfect companion, look no further as Cinder is your girl!

## Engle

Engle is an amazing 3-year-old Pitbull mix. This super sweet boy was left outside on freezing snowy conditions and was finally rescued! He is great with other dogs and is extremely playful. Engle had never lived inside until now so he is working on his manners and learning what it's like to be a house pet. He is adjusting very well but will need patience since he is a little rambunctious and thinks everything is a chew toy. Engle cannot wait to find he own family and blossom into a more amazing dog than he already is.

## Halley Berry

Halley Berry is a super cute pony size pup who is looking for her family. She is about 4 years old and is a chihuahua terrier mix. Halley was found pregnant with her sister on the side of the road. She is a shy girl and will need a little time to come out of shell, but once she does she is a total love bug. She is fearful of children and men. She would be best in a home that is calm and has only women. We do require a fenced yard for this girl since as she is considered a flight risk due to her fearfulness. Halley is an amazing dog and just needs someone who will love her unconditionally and will provide a loving home.
