# Keller

Keller is a 1.5 year old Pit Bull Terrier Mix who is looking for her forever home. This sweet girl had a rough start to life. She was living in an abandoned house for many months until our sister rescue was able to rescue her. It is also believed her previous owners were very unkind to her as she is very shy around strangers and will need time to decompress in her new home. We would like Keller to have a friendly and confident canine sibling since she really enjoys the company of other dogs. Keller also is hearing impaired and will need someone who can be patient and work with her on her training. Even though she has been through a lot in her short life, all she wants is to be loved and love a family of her own. Please consider Keller for your new companion!
