Red Cross 5 Week Babysitter Training Program - Registration Form

Training Class Objective: To provide youth who are planning to babysit with the important skills and knowledge necessary to responsibly and safely care for infants and children. This training will help participants learn how to develop their own babysitting business, keep themselves and others safe while babysitting, help children behave, learn the basics of child care, develop leadership skills and practice basic first aid. This training class is taught by a certified American Red Cross instructor and is recommended for youth aged 10 and older.
