Healing Studio

The first two meetings of Healing Studio were a great success, and the youth participants created beautiful and expressive works of art. The participants also enjoyed the guided meditation sessions that began the class, and were very active in discussions about the psychology of color, healthy ways to relieve stress, anger or other emotions, and ways in which they positively express their emotions in their own lives.

We are looking for more participants! If you know of any youth who may benefit, or if you would like to bring a group to the next meeting, please contact me for more information.

Healing Studio meets every 1st Saturday at the CPLC Maryvale Community Service Center, and 3rd Saturday of the month (with the exception of May 20th) at the CPLC Carl Hayden Community Center.
