ABOUT

The Health Improvement Partnership of Maricopa County (HIPMC) is a county-wide collaborative effort between private organizations, public entities, and the Maricopa County Department of Public Health working to address priority health areas in our community through a community health improvement plan.

Let's work together- join the partnership!

HIPMC seeks to equip member organizations with resources and opportunities to maximize health and well-being for the communities it serves. Represent your community and organization by joining the partnership today!

BENEFITS OF JOINING

DEVELOP YOUR INITIATIVES

Partner with HIPMC to learn about strategic initiatives currently underway, align with work being done county-wide, and reduce potential overlaps in service.

COLLABORATE WITH OTHER ORGANIZATIONS

HIPMC hosts quarterly meetings where partners can share their work, exchange ideas and resources, and gain insight from other communities.

CONNECT WITH COUNTY PUBLIC HEALTH

Be the first to learn about county public health initiatives and gain access to free trainings, tools, and technical assistance to support your organization's efforts.
