

## **Signature Consultants enters into an agreement for Cybersecurity Staffing Firm, Cyber 360, Inc. to Join Team**

### **Signature's Expansion in the Cybersecurity Market has been boosted by joining with Mark Aiello and Cyber 360**

Ft. Lauderdale, FL--(March 31, 2017) – Signature Consultants, LLC, a Fort Lauderdale based IT staffing firm celebrating its 20<sup>th</sup> year in business has entered into an agreement whereby Cyber 360, Inc. ("Cyber 360") will join Signature. Cyber 360 is a Cybersecurity staffing firm specializing in the deployment of highly trained professionals in the Cybersecurity industry with a focus on identifying the top 10% of Cybersecurity Professionals available for contract and full-time opportunities.

"Joining with Mark and Cyber 360 represents a tremendous opportunity to meet our customers' increasing demand for trained Cybersecurity professionals," stated Jay Cohen, CEO of Signature. "As part of our team, Cyber 360 will assist our current network of commercial and government customers who are struggling to hire skilled Cybersecurity professionals to secure their systems and reduce data and privacy risk."

The deficit of Cybersecurity professionals is now expected to grow to more than 1.8 million workers globally by 2022, according to the Global Information Security Workforce Study, sponsored by the Center for Cyber Safety and Education and surveying over 19,000 Cybersecurity professionals. That is a 20% increase over what the same study predicted two years ago. The Cybersecurity talent gap is widening at an unprecedented rate.

Cyber 360 is one of the few Cybersecurity staffing firms in the United States solely dedicated to identifying the top Cybersecurity professionals available for contract assignments and full-time employment. By working with Cybersecurity leaders and their teams, Cyber 360 is able to partner with their customers and meet the growing demand.

"We are pleased to be joining the team at Signature and linking forces to help meet the demand from its customers," stated Mark Aiello, President of Cyber 360. "We believe supporting our commercial and government customers against cyber threats is a necessity. With such a huge gap between supply and demand for Cyber professionals, we are certain that Signature will help launch us to be the largest provider of Cybersecurity talent in the United States."

#### **About Cyber 360, Inc.**

Headquartered in Massachusetts, Cyber 360, Inc., is the leading Cybersecurity contract and full-time staffing firm in the U.S. We work with Cybersecurity leaders, and their teams, to hire skilled Cybersecurity professionals to secure their systems and reduce data and privacy risk.
