

2021 Annual Sponsorship Opportunities

The American Council of Engineering Companies of Louisiana (ACECL) is the voice of Louisiana's engineering industry. Founded in 1950, ACECL exists to protect, educate, and advance the business of consulting engineering.

ACECL consists of more than 150 engineering firms and affiliates, which employ over 8,000 highly-skilled professionals and support personnel whose creativity and technical powers result in several billion dollars in construction value each year.

Position your firm to get the most marketing bang for your buck with an ACEC of Louisiana Annual Sponsorship. These sponsorship opportunities will pay dividends throughout 2021 with company recognition at ACEC of Louisiana's premiere events, as well as ACEC of Louisiana's website and monthly newsletters.
