## Scholar in Residence—Rabbi Aryeh Klapper

Rabbi Aryeh Klapper is Dean of the Center for Modern Torah Leadership and Rosh Beit Midrash of its renowned Summer Beit Midrash program. He is a popular lecturer and author whose ideas and positions influence Orthodox communal policy on issues ranging from tuition, to abuse allegations, to mental health. He is also an internationally consulted posek whose writings on medical ethics, military ethics, and Jewish divorce are cited by both academic and traditional scholars.

## Marilynn Lowenstein z'l Shiur Scholar— Ms. Deborah Klapper

Morah Deborah Klapper is a literacy-focused Torah educator who enjoys thinking about big-picture interpretations of Tanach narratives. After many years as a classroom teacher and school administrator, Morah Klapper is now a full-time tutor, teaching adults and children to read and understand the texts of our tradition independently, so they can form their own relationships with Hashem and truly inherit their heritage. Her international tutoring practice ranges in a typical week from alef-bet to Tanach to Talmud to Yoreh Deah.
