

## Thoughts From the Chair

Over 20 years ago, through volunteerism, the Asylum Hill Problem Solving Committee worked diligently to ensure that sustainable quality of life, public safety, education and economic development would be established throughout the neighborhood of Asylum Hill. Today, through volunteerism, we continue to advocate for the same standards, including transportation and ensuring that all newcomers to Asylum Hill are welcomed and safe. This continued advocacy has brought value and has made Asylum Hill a peaceful safe haven for those who reside, work and play in our neighborhood.

My thought this month is a question. How can we together become more involved in helping to bring peace to the neighborhood, better sustain and improve the quality of life and safety in Asylum Hill? To sustain and to improve what we currently have we need your help. We need your passion for improvement and change in our community. We need to hear your voice. We need your presence. Our neighborhood is over filled with people like you who are peaceful, loving, giving, conscientious and caring.

Please come to our next meeting to hear what's going on in our neighborhood. There is something that you can share and /or help with to make our neighborhood better. We long to be in your presence and we long to hear your voice. Where there is unity there is strength.

Our next neighborhood meeting will be held on March 6, 2017 at The 224 EcoSpace, 224 Asylum Ave at 6:15pm.

Have a Beautiful Month!

Happy St. Patrick's Day!

Happy Birthday to all who are born in the month of March!

Blessings...

Yvonne Matthews, Chair
