

## Thoughts from the Chair

My thought this month is centered on staying focused and finishing what is started and starting what's been contemplated upon. I have found procrastination is a problem for a lot of us. I believe our intentions are to finish what we start when we start. Yet, distractions from social media, television, and unexpected life events, other projects and other constant interruptions divert our attention and before we know it days, months and even sometimes years pass by without any attention given to what was started.

This month let's focus and finish some of the things started last year or in the past. It may be a project in or outside your home, an art and craft project that you were working on with the kids, a visit, a letter or a telephone call to a neighbor, dear friend or family member. Complete the process to continue your education or get a better job. There also may be an idea you have to help bring more money into your household or that will make your community better.

There is no better time to put those ideas into action than now. Procrastination is real and is the hindrance to success. "Better is the end of a thing than the beginning thereof" (Ecc 7:8). Let's finish what we started and start, that we can and will finish.

You are invited to join us at our General Meeting on Monday, May 7, 2018 at 224 Farmington Ave at 6:15pm. Come meet our new Police Chief David Rosado who is scheduled to be in attendance.

Have a beautiful month!

Check out the breathtaking landscape of the campuses of the Cathedral of St. Joseph and the Aetna.

Happy Birthday to those born in May!

Blessings...

Yvonne Matthews, Chair
