The meeting was called to order by Yvonne Matthews at 6:15. More than 30 participants introduced themselves. Yvonne recognized and welcomed Michael Barr who is new to the neighborhood.

**Police Report:** Lieutenant Cunningham from the north district reported that generally crime (robberies, burglaries, larcenies, sexual assaults) is down 6.2% from last year. Auto thefts have increased. The fact that more police are visible at night has contributed to the reduced crime rate. He noted that Hartford fireworks will be July 14. He encouraged everyone to be safe using fireworks.

**Fire Department Report:** Lieutenant Mario Oquendo, reported that the #1 cause of fires is unattended cooking. He noted that during heat waves, there are several cooling centers, with the best one at Asylum Hill Congregational Church.

**Report from Mayor Bronin:** The Mayor reported that Hartford is currently fiscally stable which is great; however, there are no extra resources.

**Public Safety:** While the police department is aggressively recruiting, it can't hire as many persons as needed. The street crimes unit and community service officers are both working at night, at least for another month, to ensure public safety. In addition, the city has extended the hours for recreation centers; a team of police, OPP, Peacebuilders are working together to intervene earlier in potential trouble spots; youth service corps are working with mentors and getting part time jobs and training; local police are building relationships with local state and federal partners.

**Asylum Hill mansions:** City is working with Chrysalis, but supports market rate development. The Mayor stated that the city needs more economically diverse housing.

**Economic Development:** city is working with CRDA to reduce the number of parking lots and blighted areas.

Asylum Hill: important to improve quality of life issues. Residents are encouraged to contact the city with concerns.

In response to questions, the Mayor reminded residents that Kim Oliver is the point person to help people with disabilities to find job opportunities and that Thea Montanez and Janice Castle can help with creative place making in Asylum Hill. The Mayor said that budget cuts had real impacts; the city cannot keep up with taking care of medians, dead trees, etc.

The June minutes were approved with the following change: free fire alarms and installation is available from Special services, 860-757-4520.
