

Volunteers of the Month *S. Marshall St*

For anyone who has driven down S. Marshall St lately, you must have noticed the three two family homes

that are nearing completion on the west side of the street. Habitat

Volunteers have been working for months on these three and they're nearing completion. If you'd like to help and you're available Friday, October 13th from 8:00 - 2:00 pm

you can go to

<http://tinyurl.com/y8p2etr6> and register. Most of the heavy lifting is done, so you'll mostly be doing painting and finish work.

Then on Saturday, October 21st, 2:00 - 4:00 pm as in past years, there will be a "pop-up" for the kids on the street with cider & donuts, pumpkins, face-painting and books.

There have also been several volunteers led by Louisa Barton-Duguay, who are garnering support for a "play garden" in the area of 123 S. Marshall St. The idea is to landscape the flat clay area in front of the buildings with something that's more fun to play on and looks nicer. The landlady, Vera Mladen, has already begun to fix-up the front with new paint on the

entrance doors.

Plans are still in the formative stage on this, so if you have ideas and would like to help, you can reach Louisa at louisa.barton.duguay@gmail.com or at (860) 994-0359

Also check on Facebook at Asylum Hill Living for updates.
