

## Farmington Valley

## Small Business of the Month

At American Eagle FCU, we believe in community above all else. Being the largest Credit Union in Connecticut, we want support our local communities and the small businesses located within. Beginning in January 2025, we are now offering a Small Business of the Month Initiative to let our community and members know our local businesses.

There is **NO** cost to participate, and we will allow you to bring small items, business cards, displays and marketing items that we will set up for you on a table in our lobby in Avon for our members to see. This will allow our members to know who you are, where you are located, and help our local businesses find potential customers!

If you're interested, please call or text me at **(860) 803-8162**, and we can coordinate a month for you to show our members all about your business!

Thank you!

Tony Cappabianca
