Keep Them In HIS Care……By now, most of your graduating high school seniors have decided where they'll be in the fall. If they will be attending one of the institutions of higher learning in South Dakota please share their name and cell # with the local pastor(s). If neither you nor their parents give us their name and contact information, and if they don't come to church on their own, we don't know they exist and can't reach out to them.
