

APAC Welcomes New Program Manager, Melanie Berman:

As the new APAC Program Manager for the state of Arkansas, I am excited to work for an organization that provides clients with government contracting trainings and resources to help their businesses generate revenue and create or retain jobs.

I have a background in both government contracting and cooperative agreements. Most recently, I worked at an international nonprofit in the field of program management and awards management. I feel it important to serve my local community and am actively involved in a volunteer commission that works to foster relationships between Little Rock and cities around the globe through promoting cross-cultural understanding and exchanges. A large focus of the commission is promoting educational and economic development opportunities for the state of Arkansas.

I look forward to working with APAC staff and clients.

Melanie Berman, Program Manager
Arkansas Procurement Assistance Center
University of Arkansas Division of Agriculture
Cooperative Extension Office

The University of Arkansas System Division of Agriculture offers all its Extension and Research programs and services without regard to race, color, sex, gender identity, sexual orientation, national origin, religion, age, disability, marital or veteran status, genetic information, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer.
