

# Solar Eclipse Professional Development

Did you know there is going to be a total eclipse of the Sun on August 21, 2017? Depending on where you are in Iowa, you'll see anywhere from 86% to 100% of the Sun eclipsed by the Moon!

Do you want to learn the science behind eclipses so you can teach your students about this amazing event?

Do you know safe methods for viewing solar eclipses?

Join astronomer Dr. Malynda Chizek Frouard for an exciting professional development opportunity for teachers.

- \*learn the science behind eclipses
- \*learn effective strategies and gain resources for teaching your students about eclipses
- \*learn about safe methods for viewing eclipses.

Iowa's students will not be back in school before the eclipse occurs. Educate your students about it before they leave for the summer so they are knowledgeable about what will be happening in August.

Date: Saturday, April 22, 2017  
Time: 9:00-11:30 a.m.  
Location: AEA 267  
3712 Cedar Heights Drive  
Cedar Falls

Sign up online: <http://bit.ly/2In1Tan>
