Discussion to Follow

Beth El's Israel 360 Committee invites the community to a screening of *The Road Between Us: The Ultimate Rescue*, a powerful documentary recounting the true story of retired Israeli general Noam Tibon's urgent journey on October 7, 2023 to rescue his son Amir and his family from Kibbutz Nahal Oz. Racing across a country under siege, Tibon draws on his military experience and determination. The film is a gripping and deeply human story of courage, resilience, and family. Please stay to reflect and engage in thoughtful community conversation following the screening.
