

STAFF RN'S WHO HAVE EXPERIENCED VIOLENCE AT WORK NEEDED FOR A RESEARCH STUDY

“The Influence of Identity, Organizational Factors, and Assault on Nursing Personnel on Perceived Nurse Informal Power”

- The purpose of the study is to evaluate the relationship of identity, organizational factors, and patient/visitor-on-nurse violence on nurse perception of power.
- This study will also clarify work-related needs after a violent event.
- The survey will take 10-15 minutes to complete.
- The survey is fully anonymous.
- Access the survey [here](#).

Eligibility Criteria:

- Practicing RN's in inpatient (including psychiatry) or emergency settings
- Ability to read and understand English
- Ability to utilize a smart phone or computer
- Work in the United States
- Have experienced patient/visitor-on-nurse (verbal, sexual, physical, psychological) in the last year

You are not eligible to participate if:

- *You work in non-direct care positions (e.g., managers)*
- *You work in ambulatory or procedural settings*
