Glenn Good

Principal, Glenn Good Group

How long have you been involved with BOMA Cal? Why did you decide to get involved?

I have been actively involved in BOMA California for seven years. I got involved because I believe advocacy at the state level is very important to ensure building owners and managers interests are heard. If we don't have a seat at the table advocating on behalf of commercial real estate, you can bet someone else will and it won't be favorable.

How did you begin your career and what led you to your current role?

I have been involved in commercial real estate for over 30 years. I began my career in Chicago managing courthouses for the Cook County Sheriff's Office. I was 25 at the time and fell in love with the profession. I have managed commercial buildings in Chicago and San Francisco. One of the highlights was winning an International TOBY Award on behalf of Tishman Speyer at 333 Bush in San Francisco. It's a "high" that you never get over.

In a few sentences, tell us about your work.

I provide third-party management to commercial, industrial, and residential property owners. As a Gallup Certified Coach, I engage in team building and one-on-one coaching. Recently, I was named to the BOMA International Strategic Plan Working Group. The group is "charged" with crafting the Association's new strategic plan. I'm excited to participate.

What do you enjoy most about your work?

I love developing people and TEAM's. I have been fortunate to have mentored nine Assistant Property Managers to become General Managers. Helping people succeed is something I enjoy and believe a leader aspires to.

What's something people may not know about you?

I love to bake. I went to a baking school in Paris, France, and learned how to make home made croissants.

Outside of work, what do you do for fun?

I love to run. I have completed two San Francisco Marathons. I have an annual Chocolate Martini Party. We get together to celebrate friendship and life.
