The Center of Excellence for Behavioral Health & Wellbeing at Georgia State University is conducting a **BRIEF (~5 minute) survey**. The purpose is to **identify universal prevention (tier 1) services, activities, and programs being implemented in schools and communities across Georgia**. Information will be used to scale up mental wellness and substance use prevention programming, particularly within K-12 schools.

Why participate?

- Identify gaps and challenges to implementing Tier 1 services
- Help inform development of a statewide plan to increase Tier 1 services
- Chance to win a \$50 Walmart e-gift card

Who we need input from?

- School administrators, student support staff, teachers
- School-based mental health counselors, therapists, social workers
- Community-based mental health and substance use professionals

Questions?

Contact Dr. Natasha De Veauuse Brown at the Center of Excellence for Behavioral Health & Wellbeing: 404-413-3602; ndeveauusebrown@gsu.edu
