PROTECTING CHILDREN, STRENGTHENING COMMUNITIES: THE HANDLE WITH CARE APPROACH

LIVE WEBINAR

Continuing Education

Units: 1

(Participants must attend webinar and complete post survey to receive CE credit)

**WEDNESDAY
JULY 15, 2026**

**1:00 PM – 2:00 PM
(ET)**

ABOUT THE WEBINAR

Trauma can have a lasting impact on children's ability to learn, behave, and thrive. Handle with Care (HWC) is an identification, notification, and support strategy that connects first responders, schools, and mental health providers to help children exposed to traumatic events.

This webinar will highlight a unique partnership between Georgia Law Enforcement agencies and communities who are interested in implementing and expanding their HWC programs.
