We are very excited to announce the birth of our baby Abraham “Avi” Ailun Geller-Fu. Avi was born on March 21st 2023 at 11:37 pm in Boston, Massachusetts, weighing 7 pounds 4 ounces and measuring 21 inches.

Avi is named after Ruth’s grandfather Dr. Abraham Geffen. Grandpa Abe had many wonderful qualities which we hope this Abraham will one day share, including a kind and gentle spirit, intelligence, humility, and commitment to his family and community. Avi’s Hebrew middle name Simcha, which means happiness, reflecting the joy he brings us.

His Chinese name is 傅艾伦 (Fu Ai Lun), with given names Ai and Lun. Ai is a type of grass, fitting to sustain the growth and development of a thriving child of the year of the rabbit. Ai is also a homonym for love, and he is surrounded by parents and grandparents who love him deeply. Lun describes a person who is upstanding, cultured, and sophisticated - qualities that we hope Avi will grow up to embody.

Avi and us are all very well, and we look forward to many adventures with him to come.

Best,
Ruth and Jack
