

BRIGHT HORIZON ACADEMY

LEARNING TODAY FOR A BRIGHTER FUTURE

SCIENCE/TINKER CLUB

Students will engage in hands on science experiments in this club. Experiments will be based on student interests and ideas in various science topics. In the Science/Tinker Club, our goal is to encourage both critical thinking and observation techniques to explore the world of science. This will include fun experiments, visual aids and science discussions. We will work to understand science terminology and vocabulary. Students will explore textures, observe chemical reactions and ask questions about the scientific process.

Supplies: water bottle, snack, apron or clothes that can stand stains

Fees: \$100 per month

Timing: Wednesdays 3-4 pm

Mentor: Mrs. Saima

Limit: 8 students (3rd-5th only)
