

WAYNE UNITED

What is Wayne United?

The current food assistance needs in Wayne are greater than any one organization can provide. For this reason, these organizations and food pantries have united efforts to serve Wayne residents during this pandemic and beyond. Many families, senior citizens and single residents are impacted, some for the first time, by the physical, mental and financial strains of this crisis.

Please raise your hand and join this effort. If you have a group willing to be on the donation rotation, we want to hear from you.
