EDUCATION INITIATIVES

INVESTING IN OUR FUTURE GENERATION

We are committed to empowering our future leaders by investing in them through our **Rising Star** and **Salute to Education** programs. The funds raised from these Education Initiatives are reinvested into programs that recognize, assist, and motivate aspiring entrepreneurs and future business leaders. As a result, these initiatives help to strengthen their community involvement and foster a sense of civic responsibility.

Our monthly breakfast honors exceptional seniors from our five local public high schools. These remarkable individuals have shown a promise and passion for community leadership and involvement, and embody outstanding qualities such as integrity, a commitment to their education, and the ability to overcome adversity. Each recipient is invited to deliver a speech and receives recognition from esteemed Government officials and Chamber representatives. At the end of each school year, we carefully select from scholarship applicants, students who demonstrate exceptional promise in being a future leader or entrepreneur, and award scholarships to support their pursuit of higher education.

SALUTE TO EDUCATION

At our annual Salute to Education event, we celebrate outstanding accomplishments in education by both teachers and students from our local elementary, middle, and high schools. This special event takes place at the end of the school year, where each honoree receives a special plaque of achievement and certificates presented by Government Officials and Chamber representatives. Additionally, we announce and award the Rising Star Scholarships to the deserving recipients.
