Many
Gedolim have
referred to
Reb Meir as
“the greatest
marbitz
Torah in klal
Yisrael.”

Few people in recent history have had as profound an impact on the entirety of Klal Yisrael as has Rabbi Meir Zlotowitz z”l. Through ArtScroll, he has touched unaffiliated Jews starting to learn about Yiddishkeit and great Rabbanim. The works he initiated can be found throughout five continents, on school desks and the tables of *gedolei Yisrael*, in five continents and numerous languages. Indeed, many Gedolim have referred to Reb Meir as “the greatest *marbitz Torah in klal Yisrael.*”

Anyone who reads the acknowledgments of an ArtScroll *sefer* will quickly see that the *gadol* who Reb Meir was closest to, and who truly guided and encouraged ArtScroll was Hagaon Rav Dovid Feinstein, zt”l, with whom R’ Meir spoke virtually every day. In fact, at a critical juncture, Rav Dovid loaned ArtScroll his life savings so they could continue their work.

When Reb Meir was tragically *niftar*, Rav Dovid felt that the most meaningful tribute to him was for every member of Klal Yisrael to express his or her gratitude to his work by taking a letter in a Sefer Torah, *l’zecher nishmaso*. Rav Dovid spearheaded the projects, having meetings, delegating responsibilities, and participating in an event where letters were sold.

But then came Covid. The world – and the project – came to a standstill.

But even when Rav Dovid fell ill, he charged his *talmidim* with bringing the project to fruition.

And, now, after several fits and starts, they are finally bringing the project to the finish line.

The *hachnosas Sefer Torah* is only several days away, and the final drive to have every Jew take a letter is underway.
