

Family Support Program

Children who need additional support **due** to the state of emergency can now access items or services purchased through the Family Support with the expansion of the program during this time to make it easier for families to access resource, services and supports.

Reach out to your child's Services Coordinator with questions or to discuss if there is something to help your child.

My unique needs + stay at home order = need extra support...Some ideas to get you thinking

ASSISTIVE TECHNOLOGY/ DEVICES	PERSONAL CARE/ INDEPENDENCE	SENSORY	HEALTH AND SAFETY	EMOTIONAL REGULATION
