The Path to Sexual Healing Recovery Retreat is being offered by staff and volunteers who have been trained to facilitate emotional healing Bible studies for individuals and groups. Most staff and volunteers do not have degrees in counseling and are not licensed by the state; therefore this retreat is not intended to substitute professional counseling.

This retreat is designed to help you process your emotions through the lens of Scripture which offers hope and healing through Jesus Christ. Due to its nature, you can expect to feel a wide range of different emotions as you work through your recovery. There will be time for personal reflection as well as group sharing.

All information is strictly confidential and is for the use of the Recovery Director, facilitators and the directors of Hopeline Pregnancy Center.

Facilitators will be legally compelled to break confidentiality if:

- A. You are under 18 and are a victim of sexual / physical abuse.
- B. We believe you are at risk for suicide.
- C. We believe you intend to harm another person.
- D. We believe you are in need of hospitalization for a psychiatric disorder.

Please feel free to contact Kim Taylor, Recovery Director at 203.978.3771 or kim@hopelineprc.org with any questions that you may have.
