## ABOUT THIS WORKSHOP

Participants will learn how to apply the work of John Hattie's high impact strategies to improve school climate, foster relationships among all staff, increase the focus on learning and how to create a culture of sharing the learning load among staff.

- This session provides opportunities to implement collective efficacy at your school which leads to higher levels of satisfaction for both staff and students as well as higher student achievement.
- It will focus on concepts that deepen collaborative conversations among staff and bring focus on student achievement for all.
- The session will focus on reflecting and problem solving school based situations from a variety of perspectives, understanding the various approaches to conservation and building accountability among staff.

## OVERVIEW

Collective Efficacy

Problem Solving

Strategies
