### Your Gateway to ctcLink

Welcome!

You have arrived at the ctcLink Gateway for Washington's community and technical colleges. The links at the left should get you everywhere you need to go in ctcLink for your student, faculty or staff online work. Some of you will have links to applications across the top of the page as well.

Your ID is what drives access to all of these links and you will have this same ID forever. Whether you attend more than one Washington community college at a time, work at one or more throughout your career, or even if you go from student to employee or from employee to student, your user ID will never change.

### How do I...?

If you need to know how to use some of the ctcLink tools, check out the [ctcLink Training website](#). There you'll find Quick Reference Guides (QRG) and training exercises to get you on your way. More content will be added to the training website as materials are developed.
