

It was a pleasure and wonderful experience to work with Nancy at Advent. She has been with the Church of Advent for 16 years as a Deacon, Priest in Charge and Rector. One of the greatest moments in my life with Nancy was when she asked me to Present her to the Bishop for her Installation as a Priest in the Episcopal Church. It was a wonderful honor for me! As a Deacon Nancy built a wonderful relationship with the Advent congregation; she was always being there for everyone. If it was visiting patients in the hospital, visiting people and doing church services at Kendal - Crosslands, and Jenner's Pond, Nancy was always willing and able to help whether the need was for grief and sorrow or for a joyous occasion.

As a Priest In Charge, Nancy continued servicing the congregation's needs just as she had done as a Deacon. Now she was also doing Baptisms, Weddings, and Funerals! She always made people feel very comfortable and relaxed by her presence. She had tireless energy! Nancy was an angel sent from above for the Church of the Advent!

As the Rector's Warden, one of my last duties was presenting to Bishop Dan all of Nancy's good works and qualifications she had been doing for many years at Advent. Nancy had performed all the duties of a priest to Advent's congregation and all the people wanted her to stay and be the new Rector at Advent.

With her unrelenting commitment to Advent's congregation and the surrounding community, Nancy did become Rector of the Episcopal Church of the Advent. The memories of her accomplishments and tireless commitments will always be in the hearts and minds of the congregation of the Church of the Advent, especially mine.
