

CREATE A STRONGER NEVADA THROUGH STRATEGIC CORPORATE GIVING.

VISION

Arm Nevada's corporate giving leaders with the knowledge and insights needed to develop strategic philanthropy programs that address pressing issues in our State and drive positive impact in our communities.

ABOUT THE COUNCIL

Established in 2013, the Nevada Corporate Giving Council (NCGC) is a 501c6 organization comprised of corporate leaders focused on transforming our State through community engagement and corporate philanthropy. With diverse representation across all sectors, and chapters in Northern and Southern Nevada, the NCGC promotes best practices by convening council members quarterly and publishes an annual statistical report on the corporate giving landscape of Nevada. Its members hold a shared interest to utilize strategic corporate giving programs that benefit their employees, their company, local non-profits, and our community as a whole.

VALUES

KNOWLEDGE | DATA | MEASUREMENT | IMPACT

Corporate giving leaders can hone their individual company programs by leveraging the shared experiences of their peers, accessing the knowledge and insights of best-practice national CSR leaders, developing levers to effectively measure the impact of their programs and reviewing statewide data and statistics to accurately assess the needs of their communities.
