EARLY CHILDHOOD EDUCATION

Technical Certificate: Infant Toddler Educator

Learn the specialized skills needed to support children ages 0–3 in high-quality early learning environments. Coursework emphasizes early brain development, responsive interactions, developmentally appropriate practice, and family-centered care.

As part of this technical certificate, graduates also earn the Early Childhood Classroom Support CT, Early Intervention CT, and Child Development Associate (CDA) Process CT.

Supported by the TEACH Scholarship

Time to Complete: 2 semesters, or about one year
Program Length: 31 credit hours

Required Courses:

IVYT 111 - Student Success
ECED 100 - Introduction to Early Childhood Education
ECED 101 - Health Safety and Nutrition
ECED 104 - Supportive Interactions and Behavior Guidance
ECED 105 - CDA Process
ECED 110 - Infant/Toddler Growth and Development
ECED 111 - Environments for Infants and Toddlers
