

# P.E.E.R.S. VALUES AT WORK

How can our P.E.E.R.S. values be seen at Lakemary in the time of COVID-19?  
Here are a few examples. Keep up the amazing work!

## POSITIVITY

*In the face of crisis, when our everyday lives have been disrupted, we remain optimistic and celebrate the good work being done.*

## EMBRACING CHANGE

*We embrace new ways of doing things and adapt to new policies and procedures so that we can continue providing essential services to individuals in our care.*

## EXCELLENCE

*We strive for excellence in all areas of our work by following COVID-19 precaution measures. This includes wearing a face mask while at work, washing hands frequently, and practicing social distancing.*

## RESPECT

*We respect the health and safety of others by first respecting our own health and safety. We take precautions and make good decisions in both our professional and personal lives to prevent the spread of COVID-19.*

## SINGULARITY

*We achieve our mission when EACH ONE OF US does what is necessary in order for Lakemary to succeed as ONE organization. We are all in this together.*
