

To make your own map you need:

1. A stiff piece of paper
2. Markers, pens, or pencils
3. 2 small magnets
4. Large popsicle stick
5. Strong glue

Write the Scripture verse at the top of the page, “Jesus told him, I am the way, the truth and the life. The only way to the Father is through Me.”

Next draw your map (be creative, this is all yours). Add some words at each corner or numbered space (ways that we can follow God’s ways), such as love one another, be grateful, be joyful.

Attach one of the magnets on the popsicle stick.

Now for the fun part. Put the single magnet on top of the map and the magnet on the stick under the map. Can you move the top magnet around using the magnet on the stick? Try to stay on the path until you get to the end.
