

LIFT THE CAP ON KIDS

Ask Your Representative to Help Advance H.85 to Lift the Cap on Kids

It's time to take the next step to Lift the Cap on Kids.

- Rep. Decker is the lead sponsor of the bill with 82 co-sponsors. The Joint Committee on Children, Families and Persons with Disabilities reported the bill favorably in mid-October. The bill is pending in the House Committee on Ways and Means.

Email or visit your Representative.

Ask your Representative to ask the Chair of House Ways and Means and other House leaders to advance the bill.

- The Cap on Kids – also called the Family Cap – denies welfare benefits to children conceived while – or soon after – the family received benefits.
- **Massachusetts denies benefits to 8,900 children because of the Cap on Kids.**
- The Cap on Kids causes everyone in the family to suffer – including the excluded child's siblings.
- Massachusetts is one of only 17 states that still have a Cap on Kids or similar policy. Seven states that had kids cap policies have repealed them.
- **We can afford to lift the Cap on Kids.** TAFDC is projected to need about \$28.4 million less in FY 18 than the FY 17 appropriation because of the caseload drop. Lifting the Cap on Kids would cost about \$11.9 million in FY 18, less than half of the “savings” from the caseload decline.

“[Family cap] children are undernourished not because of acts of God, but acts of legislation. Malnourished children increase health costs in the short term and jeopardize Massachusetts’s future work force in the long term.”

- Deborah A. Frank, MD, Director, Grow Clinic for Children, Boston Medical Center

“I don’t know a woman – and I don’t think she exists – who would have a baby for the sole purpose of having another [\$100] a month.”

- State Senator Holly Mitchell (D. CA), successfully advocated for 2016 CA repeal
