

**Jackie Haugen**  
**Flagstaff Unit 355**  
**Nominated by Bill Phillips**  
**Continued**

She accepted the role of club president, organized and co-directed online games, kept the club financially strong and eventually re-established face-to-face bridge. She began offering, and continues to offer, online bridge lessons under the auspices of Yavapai Community College.

Despite great personal hardship created by her husband's long illness and eventual passing, Jackie still worked hard to support and encourage the club. Her current focus is to continue her teaching, to encourage club members to return to bridge and to recruit and teach new bridge players.
