

**New Life Master and Bronze Life Master!**  
**by Midge Miller**  
**Tucson, AZ**

I began learning bridge many moons ago during finals week my first semester at NMSU. Worst grades of my life, because I would cut class in order to not give up my bridge seat in the Student Union.

After college, my bridge playing was on and off. I moved to SaddleBrooke, AZ went to our club, and met Betty Edwards, who became my regular partner. SHE completed HER gold point requirements without me while I was off playing tennis.

The ONLY good thing I have to say about this blankety-blank virus is that it was easy to play in the ACBL online “gold” tournaments. And I have to thank Carl Travor, Unit 356, for helping to put me over the gold finish line!

I feel really fortunate to have been able to play with so many great players since moving to SaddleBrooke! Thank you all.
