

Ohio Living Breckenridge Village provides two in house television stations for residents to enjoy and receive information.

BVTV channel 1855 is the primary informational and prerecorded channel for campus. Throughout the day you can find slides playing with informational content as well as various types of prerecorded content from all over our campus. Some programs are entirely new content that we created specifically for the OLBV family.

BVTV channel 1856 features live programs broadcast from our chapel on Campus. When we are not broadcasting live on channel 1856, we will be playing various nature videos for meditation and reflections.

NEW THIS WEEK Check out some of the new and exciting programs we've got for you this week.

The weekly TV binge this week is the Green Hornet. A newspaper publisher and his Asian valet/martial arts expert battle crime as the feared Green Hornet and Kato. Did you know Bruce Lee helped choreograph many of the show's fight scenes, and taught co-star Van Williams some basic techniques that he is sometimes seen using throughout the series.

Our movies this week are from the TNT miniseries the Bible collection. This Emmy Award winning series is a fascinating look at the Bible.

Our 4:30 PM walking tours are all new this week. Check out some new places to see.

We've also got a new standing exercise with Mike video from the Veale Wellness and Aquatic Center.
