

Kid Connections Gospel Corner

Happy New Year Kid Connections Family and Friends!

Kid Connections is so happy to share the events that occurred during the month of December with the Kid Connections Families and Friends.

December 5 | Kid Connections invited Families and Friends to *Cirque du Soleil* to see the performance of “Crystal.” Nearly 50 people attended and a fine time was had by all.

December 16 | God’s ambassador and Missions Ministry Director Min. Janet Millner came to Kid Connections to share about her mission trip to Haiti. She showed photos of experience of Christmas in November event held for the Haitian children and a video of the party where gifts, donated by Kid Connections family and friends, were distributed. Min. Millner shared videos of the neighborhoods she visited and the workshops offered during a children's conference.

December 23 | Kid Connections had an *Around the World Party* that was extended to all youth and families who attend The People’s Community Baptist Church. Christmas is a time of joyous celebrations for children around the world, but many have never heard the real reason to celebrate or the true meaning of comfort and joy. Long before the first Christmas, God gave the prophet Isaiah a loving message that would bring joy to people from every tribe, tongue and nation! God provided a glimpse of the promised Savior – the best news in the world!

Kid Connections welcomes new Volunteers Sis. Marion Ashford, Sis. Louise Lewis and Sis. Sandra Kelly. We are so grateful and appreciative of their service and look forward to their continued support.

Kid Connections has supplied a Prayer Request Box for the children of Kid Connections. Each week, our children can privately complete and submit a form to request prayers for their family, friends and classmates. Then, after worship service, Kid Connections team members will pray on behalf of each request received.

The Kid Connections Empowering Families Seminar will be held every Sunday in February, beginning at 9:45 am in Room 103. Dr. Edwina Neely, author of the parenting book, “Children Are Gifts,” will serve as the Facilitator. Come out and learn new ways to strengthen your parenting skills.
