

How We Have Seen the Lord Move During The Pandemic

By Sheri and Ken Montgomery

The COVID-19 pandemic has truly been something unusual, unexpected, and unfamiliar. The fear of the unknown can often be very challenging if one is not somewhat spiritually grounded. Finding a safe-haven from the invisible COVID-19 assailant has been a full-time job. Having to establish social boundaries with loved ones, friends, and neighbors has sometimes been heart-wrenching.

If ever there has been a time that we leaned on the Lord for direction and assurance, it has been during this time of trying to adjust to life in what has almost been an uncivilized reckoning with a life-threatening enemy. Our relationship with GOD has afforded us the marvelous opportunity to truly seek His face and thereby maintain a sense of calm in the midst of all things that have been going on.

We have seen GOD:

- Keep us at peace with each other.
- Not only secure, but increase our income.
- Allow us to help families in need.
- Help us to provide comfort to others who were struggling, stressed or wavering in their faith.
- Allow us to help others to be heard, supported and loved.
- Use and expand the Small Groups Ministry to sustain the outreach to His people.
- Help us to replace frustration with gratefulness and compassion.

Through it all, we have recognized that God is in control, and we are truly grateful to our Heavenly Father for the blessings of His continued love and protection in this remarkably challenging time.

To God Be the Glory!
