# Leadership Throughout Your Career

Webinar

Thursday, September 23rd  
12:15 - 1:30 EST

One of WTS's four mission pillars is to ADVANCE women by broadening their professional and leadership skills in all disciplines and all levels of transportation to achieve career goals, diversify the workforce and advance transportation for the public good. WTS knows that leadership skills are continuously developed and honed throughout a career. Join us to hear from a panel of women at many different stages of their careers as they share their leadership experience and advice. Learn about finding a mentor and being a mentor, leaders that have shaped our panelists, considerations for promoting someone and much more.
