Dear League Officials, Board of Directors, Family and Friends,

For the last 28 years, I have had the distinct honor and privilege of serving as the Commissioner/CEO of Dixie Boys Baseball, Incorporated. It has been a rewarding career, and I am proud of what we have accomplished. My passion has always centered around youth sports and the great game of baseball. I am truly blessed to have served with an outstanding group of board members and league officials. My respect is great for those that serve at the local league level as coaches, umpires, and in other vital roles. You have made a real difference and are to be commended.

Baseball was a way of life for me from a very early age. There is no way to include everyone that helped pave the way for me. My Dad, without any doubt, was my greatest inspiration as he took a lot of time teaching and actively participating in my many baseball experiences. My parents encouraged me to follow my dreams. My hope is that parents will continue to value the youth sports experience for their children. There are many life lessons that are found through baseball.

For me, "Coach" is a title of earned respect. My list is long of the coaches that were instrumental in my journey. Anyone that has played the game can look back on a coach that taught them something that went well beyond the field. I would be remiss not to mention William E. "Bubba" Brasher, Founder of Dixie Boys Baseball. Mr. Brasher believed in me. He personally selected me to lead the DBB organization. I am forever grateful. My fondest memories are centered around the many people that I was fortunate to have met through the sport.

The DBB Baseball Executive Board selected Jason Parker, effective March 1st, 2024, as the next Commissioner/CEO. Please support Jason and the organization!

Jason Parker, Commissioner/CEO
DBB National Office
