SDFAS ANNUAL GALA / HOTEL PENDRY / MARCH 30, 2019

Welcome! Bienvenue! Thank you for joining us at our 2019 Gala, *Nuit Blanche*.

Tonight is dedicated to students, faculty and alumni of SDFAS, whose talents, expertise, creativity, and character are prized and continually fostered. Your generosity this evening will ensure that all of our current and future students are given opportunities to grow and reach their full potential.

In particular, this year's Fund-A-Need will focus on our most important assets: our teachers, our staff, and our students. These are the people who bring our school to life. At SDFAS we value exceptional teaching and the diversity of our student body, which is why this year's Fund-a-Need will bolster a multi-year fund in support of two major initiatives: Professional Development and Financial Aid.

Thank you again for your attendance tonight. You have proven your commitment to and pride in this organization. In this spirit, we hope that you will consider bidding generously, as it will enable us to continue to uphold the standard of excellence that is expected of SDFAS, and see that it remains such a special place and community.

Nous vous souhaitons une très belle soirée. Now, it's time to celebrate!

Sincerely,

Mark Rosenblum

AUCTION HOW TO

LIVE AUCTION

Guests will be given a bid number at registration. To enter a bid, a bidder shall hold up his or her bid number toward the auctioneer. In the event of a dispute between bidders, the auctioneer shall have sole and final discretion to determine the successful bidder or to re-offer the item in dispute.

DESSERT AUCTION

Looking forward to enjoying a mouth watering dessert made from the finest ingredients by people who love to bake? It is only one bid away!

We have a fabulous dessert for each and every table, but all must be bid on to win. At your table you will find a Dessert Auction bid sheet. Each person or couple at your table bids an amount and then all bids are totaled for your table. The table with the highest total bid will win first choice from the dessert display and be awarded a special prize. The next highest bidding table will win second choice, and so on. Competition will be fierce for the most desirable desserts so be sure to rally your table!

The highest individual bidder (or couple) across all tables will win a special prize!

Bid sheets will be collected at the end of the live auction. Dessert auction results will be announced after the Fund-A-Need.

Magnum - 2016 Del Dotto 'The Beast'

'The Beast' is a highly collectible wine that is not to be missed.

This legendary wine harmoniously brings the St. Helena Mountain, Rutherford, Oakville, Howell Mountain and Villa Del Lago properties together. The Beast is a flawless combination of the top barrel selections as well as premium block selections from our six Estate Cab vineyards.

It is a thrilling Cabernet Sauvignon that not only wows you with power and force, but shows remarkable tension and finesse. Intense and lively, this has an extremely long life in the cellar.

Tasting Notes

The bouquet is dense, exuding roasted espresso, dark chocolate, and boysenberry puree. It has a very rich front to mid-palate texture and medium to full-bodied mouthfeel. The tasty characteristics of red velvet cake, black raspberry and dusty baking cocoa are in harmonious balance and beautifully structured. Drink now or age 7-10 years.

His expertise and almost 22,000 jumps makes him one of the top tandem skydivers in the world. You will witness breath-taking views over the San Diego horizon; Imperial Beach, Coronado, Downtown and Mexico, while experiencing the thrill of a 125 mph free-fall. We have all dreamt of flying and now is your chance to make it a reality. After safely exiting the plane attached to this highly experienced skydiver, your adrenaline will hit an all time high as you're soaring over our beloved SoCal city.

And don't worry, your entire jump will be filmed to keep the memory of this incredible opportunity going even after landing safely back at base. Having jumped with A-List celebrities like Scott Eastwood and Justin Bieber, you're sure to be in good hands.

Live Painting by Virginie Pauillac

Take home a one of a kind painting depicting an evening full of life, laughter, and friendship. This piece of art will be created LIVE by the artist of our invitations, during the 2019 Gala, Nuit Blanche.

Embodying Paris' all-night art festival's energetic atmosphere, this will be painted for the audience to experience and even interact with the artist. Her unique ability will be on full exhibit as she adapts the movement, scenes, and images of the night as they occur.

FUND-A-NEED

**Tonight, we focus on the most important component of our school:
THE PEOPLE.**

In recent years, our community has successfully improved fundamental aspects of facilities at SDFAS, including the recent construction of our Innovation Lab (and implementation of STEM curriculum), a new track and field, and a renovated auditorium.

Together, we have made so many wishes and dreams come true.

This year, based on our community's feedback, we are investing in our most important assets: our teachers, staff, and students. These are the people who bring our school to life. At SDFAS, we value exceptional teaching and the diversity of our students. Therefore, this year's Fund-a-Need supports a **Multi-Year Fund** advancing two major initiatives: **Professional Development** and **Financial Aid**.

1. Professional Development: We, as a community, want the best teachers possible for our children. Research confirms that the most important factor contributing to students' success is the quality of teaching. Professional development is the most effective strategy to achieve this important goal and ensure that your children are mentored and inspired by expert educators.

- Pedagogical Content Knowledge is all about teachers updating their content-specific knowledge in an ongoing manner, continually implementing cutting edge best teaching practices specific to each content area.

FUND-A-NEED

- Student-Centered Teaching and Learning means teachers learning, engaging with and implementing optimal practices in an ongoing manner based on cutting edge research in such areas as learning and the brain, differentiation, multiple intelligences, small group cooperative learning and project-based lesson design.
- Digital Teaching and Learning is about ongoing training allowing teachers to explore and implement the use of appropriate existing and emerging technologies in service of curricular content.

2. Financial Aid: Financial aid is a critical component of ensuring our children experience a culturally, linguistically and socio-economically diverse student community. Why does a diverse student community and the financial aid that supports it matter to SDFAS and your child in particular? Consider these facts:

- Diversity makes kids holistically smarter. Students exposed to students different than themselves, and the unfamiliar ideas and challenges that such exposure brings, develop improved academic, social and emotional skills, including critical thinking and problem solving; more effective communication skills; curiosity, resilience and empathy.
- Diversity helps students prepare for careers. With an increasingly multi-cultural, multi-national job market, employers believe it is important that employees be comfortable working with colleagues and clients from diverse cultural and socio-economic backgrounds.
- Diversity prepares students to be better citizens. Per Ovid, "learning humanizes character and does not permit it to be cruel." Experiencing a diverse school community amplifies this 'humanizing' effect as students learn to engage in civic discourse. Diverse classrooms encourage mindfulness and tolerance.
- Tuition remission for the children of faculty and staff enhances diversity in the classroom. Tuition remission is also a crucial employee benefit for attracting and retaining highly qualified and highly invested faculty and staff. With your support tonight, we will be positioned to at the very least double our level of tuition remission benefit from 10% to 20% for the children of our beloved educators.

In essence, committing this evening to financial aid in support of diversity and professional development in service of the highest quality teaching enables SDFAS to provide the academically rigorous and socio-emotionally fulfilling educational experience we all want for our children.

**Tonight, Proudly Raise Your Paddle in Support of
SDFAS Faculty, Staff, and Students!**
