## Webinar Overview:

Interested in applying for funding from the Advanced Research Projects Agency for Health (ARPA-H) but not quite sure where to start? Join McAllister and Quinn staff as they lead this session designed to prepare investigators to successfully navigate this agency and craft competitive proposals. This virtual meeting will be informative for faculty looking to build their foundational knowledge of the "ARPA" agencies (i.e. agencies who fund high-risk, high-reward, milestone driven research), with a focus on the funding programs and portfolios of ARPA-H.

## Presentation Overview:

- Overview of the ARPA Model
  - History and organization
  - What is "ARPA-ble"?
- Insights into ARPA-H
- Strategies for Pursuing ARPA-H Funding
  - Agency engagement
  - Proposal development best practices
