

TEAM CAPTAINS

Stage One Competition

Team captains are assigned for each group and are responsible for getting awards for their dance. **Captains will need to be sure they know their teacher's name, name of our studio (Center Stage Academy of the Performing Arts), and the number of their routine!** Captains will be different for each competition!

They should meet Miss Kristen after the awards to give her any pins/medals/ribbons/trophies they receive, or if they cannot find Miss Kristen or a CS Staff member, they should bring the awards to the front desk at the studio. Awards should not be passed out on stage- they will be handed approximately a week after the competition at the studio!
