

Please join
Commissioner Levine Cava
for a community conversation
about proposed modifications
to SW 87th Avenue and other
traffic issues

Wednesday, August 30
6:30PM - 8:30PM

Palmetto Golf Course
Meeting Room
9300 SW 152nd St
Miami, FL 33157

The Department of Transportation and Public Works (DTPW) has agreed to present transportation updates at a community meeting to be held at Commissioner Levine Cava's request. This presentation comes after the Commissioner requested that DTPW delay moving forward with plans to pursue a bridging project across the canal at SW 87th Avenue until further data could be obtained and public input received.

Traffic engineers will present their study data on the possible bridging of SW 87th Avenue across the canal, north of SW 164 Street, which is being recommended by DTPW. Before this project could move forward, it would need approval from the Transportation Planning Organization (TPO). The Commissioner serves as one vote on the TPO and is eager to hear from you on this issue.

The engineers will also provide updates on the new signal management system and discuss traffic modifications along Old Cutler Road.

If you are unable to attend the meeting, please call the office of Commissioner Levine Cava at (305)378-6677 or email District8@miamidade.gov to share your opinion.
