Corrice E. Patterson, Director  
Public Works Department  
Village of Palmetto Bay

Re: Village Wide Residential Speed Limit Reduction Report – 25 MPH

Dear Ms. Patterson

The Department of Transportation and Public Works (DTPW), Traffic Engineering Division received the *Village-Wide Residential Speed Limit* report. After the review of the provided document DTPW has approved your request to lower the posted speed limit to 25 MPH only on residential local roads maintained by the Village of Palmetto Bay. DTPW does not see an adverse impact on traffic operation of the residential streets or on surrounding area roadway network.

The Village of Palmetto Bay cannot install signs along:

- Arterials
- Collectors
- County roads

The installation and maintenance of the signs have to be processed through an Intergovernmental Agency Agreement with the DTPW. A copy of the design plans, depicting the location of the new speed limit signs, shall be submitted to DTPW for its review and written approval.

Should you have any questions or need additional information, please do not hesitate to contact our office at (305) 375-2030.

Sincerely,

A handwritten signature in blue ink, appearing to read "Darlene M. Fernandez".

Darlene M. Fernandez, P.E.,  
Assistant Director, Traffic Services  
Department of Transportation and Public Works
