July 7, 2020

Dear Local Official:

I want to start by thanking you for the tremendous partnership during these trying times. Thanks to the open lines of communications and hard work by so many of you we have been able to keep our transportation projects on schedule and even accelerated in certain cases.

In order to make sure that we continue on this successful path I just wanted to reach out and emphasize how important the local permitting process is to this success. As more requests for local permits such as Conditional Use permits may be requested of you during these upcoming weeks/months, we just want to remind you how important timely disposition of these requests are to efficiently and effectively providing the transportation network we all want.

Infrastructure improvement and development is vital to Wisconsin's economy and the Wisconsin Department of Transportation is committed to keeping infrastructure projects on schedule.

Thanks again for your partnership and commitment to Wisconsin's infrastructure and economy.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Thompson", written over a light blue horizontal line.

Craig Thompson
Secretary-Designee
Wisconsin Department of Transportation
